

SOUTHERN REGION SCHOOL INTEGRATED PEST MANAGEMENT RESOURCE LIST

THIS CHART WAS POPULATED FROM HOMEWORK SHEETS COMPLETED BY EACH STATE

STATE	TOOL	AGENCY/ ORGANIZATION	SOURCE	DESCRIPTION
Alabama	Pilot IPM programs	Auburn University	Auburn University – School systems involved Auburn City Schools, Geneva County Schools, Alexander City Schools, Elmore County Schools, Mobile County Schools, Shelby County Schools, and Sylacuaga City Schools	Work with school districts to implement IPM in schools voluntary
Arkansas	Survey of Pest Management Practices in AR Schools	University of AR/Cooperative Extension Service	John Hopkins, UACES	Survey was done in 2004/2005 to define current pest control problems, pest control practices, attitudes toward pest control awareness of IPM and educational needs to implement IPM.
Florida	National School IPM Website	IFAS at the University of Florida	http://schoolipm.ifas.ufl.edu/	Contains IPM in school and child care facilities implementation resources for both pest management professionals and school staff, arthropod fact sheets, and a list of current involvements
	“Pest Press” Newsletter	UF IFAS	http://schoolipm.ifas.ufl.edu/Florida/newsletter.htm	Produce a bi-monthly newsletter for reproduction and posted on the National website
	Extension Symposium	UF IFAS	UF IFAS - Entomology	Training for county agents about IPM sensitive environments
	Individual consultations	UF IFAS	UF IFAS - Entomology	Work with independent school districts to assist with IPM implementation and dissemination
	Work group meetings		Dept. of Health, UF IFAS, Dept. of Ag,	Coalition of state lead agencies
Georgia	Pilot Program	UGA Coop. Extension	University of Georgia, Cooperative Extension	2 districts, plus one voluntary seeking help

Kentucky			No formal effort to date	
Louisiana	Training Manual for Certified Pesticide Applicator	LSU AgCenter, CES	LSU AgCenter CES	The certified applicator is required to develop the IPM plan and “oversee” all applications made at the school; also responsible for training non-certified school employees.
Mississippi			No formal effort to date	
North Carolina	Website	N. Carolina State University	http://schoolipm.ncsu.edu	Information to school personnel about IPM information.
	Incentive Program	N. Carolina State University	N. Carolina State University School IPM Program	Offer three levels of recognition to schools for their use and adoption of school IPM
	Workshops and Trainings	N. Carolina State University	N. Carolina State University School IPM Program	Makes presentations to N Carolina maintenance, food, and school board associations
Oklahoma	Website	OSU Extension	http://entopl.okstate.edu/IPM/school/	Information for interested parties to learn more about school IPM
	2006 School IPM Pilot Programs	OSU Extension	Conducted by OSU Extension with various persons in the position to assist with program.	2 schools under voluntary program
South Carolina	Website	Clemson DPR	http://dpr.clemson.edu/SpecialPrograms/ipm/ipm.htm	Brochure/informational website about adopting school IPM in S. Carolina
	Booklet	Clemson DPR	Integrated Pest Management: A better way to Manage Pests in SC Schools	An adoption manual developed to assist schools with compliance visits made by DPR
	Website	Clemson Entomology	http://entweb.clemson.edu/insectinfo/index.htm	Website to assist South Carolinians with insect information
Tennessee	Child-serving Facility IPM Web site	UT YEAH team – Extension,		Contains information for getting started in school IPM and childcare IPM, list of resources, training

Tennessee		UTIA and College of Social Work	http://eppserver.ag.utk.edu/School%20IPM/sch_ipm.htm	programs and links to external sites
	UT Blackboard Web site (internal)	UT YEAH team – Extension, UTIA and College of Social Work	http://online.utk.edu	Contains training materials for Extension (FCS, AG & 4H) Agents such as directions for workshops, pretraining and posttraining quizzes, Powerpoint presentations, lists of schools and childcare in the state, UT manuals and info notes (success stories), surveys and survey results.
	UT YEAH (Youth, Environment and Health) Web Site	UT YEAH team – Extension, UTIA and College of Social Work	http://utyeah.utk.edu	Background: stakeholders meetings, funding and bibliographies; Issues: pesticides, mercury, mold, indoor air quality, lead and radon; Resources: links, materials, assessment tools, bibliography; Facility IPM Status: Childcare Facility IPM Survey will be posted with scores for participating Childcare Facilities. These results will give parents information needed when deciding on a Childcare Facility for their children; News & Reports; Training; Team Members; Online IPM survey for schools, childcares.
	Suggested Guidelines for Managing Pest In Tennessee's Schools: Adopting Integrated Pest Management	UT Extension	http://www.utextension.utk.edu/publications/pests/default.asp#children	pub
	Getting	UT Extension	http://www.utextension.utk.edu/publications/pests/default.asp#children	pub

Tennessee	Started with Child-serving Facility IPM			
	Managing Pest in Childcare Facilities	UT Extension	http://www.utextension.utk.edu/publications/pests/default.asp#children	pub
	Monroe County, Tennessee School IPM Success Story	UT Extension	http://eppserver.ag.utk.edu/School%20IPM/sch_ipm.htm	
	Logbook - Download PDF version of the entire logbook or modifiable Word version of each section	UT Extension	http://eppserver.ag.utk.edu/School%20IPM/sch_ipm.htm
